THE ART OF THE POSSIBLE: the Next Decade:

THINKING AHEAD, OUT LOUD

GO AHEAD AND BLURT!

WE NEED A NEW LANGUAGE

NOT CONSTRAINED BY ANYTHING FROM THE PAST

and INFORMED BY DEMOGRAPHICS

PAUL WORMELI
IUS Institute Exec. Dir. Emeritus
SOCI Board Member

VERNON BROWN
Chairman, SOCI Board of Directors

SID GARDNER
Ctr for Children & Family Futures
SOCI Board Member

BILL DAVENHALL
Sr. Health Advisor, ESC
SOCI Board Member

WE ALL HAVE TO LEARN HOW TO TAKE IT ALL IN QUICKLY!

IT'S TIME to create COLLABORATIVE MODELS with CONSUMERS for SELF-DIRECTED SERVICE!

CONSIDER: WHAT DATA are we COLLECTING and WHAT QUESTIONS are we ASKING

MORE EDUCATION is necessary to cope in coming times

EDUCATION

We must GRADUATE more kids from H.S.

education is tied to employment

ECONOMICS

The disparity of opportunity to improve your life economically has STRONG SOCIAL COMPONENTS

in 2018, US Census data projects that the minority pop. becomes the numerical majority of the US pop.

and the majority of the TOTAL POP by 2043

We will see increased INTERGENERATIONAL INTERDEPENDENCE

AGE

and the ELDERLY becoming more DEPENDANT on our YOUTH

the WAY we tell the STORY is CRITICAL!

... 30,000 gun deaths/yr ... 18k can die 12k from gun

VIOLENCE

JUSTICE and LAW ENFORCEMENT activities strongly impact our H&HS clients

LANGUAGE

We need to be BUILDING tools & services in DUAL LANGUAGES ... at least 2!

THERE'S 2 KINDS OF PEOPLE IN THE WORLD:

JUMPERS and CATCHERS

...WE ARE ALL BOTH OF THESE!

It's all about TRUST

HOW OUR LOCAL POPULATION is DISTRIBUTED should DRIVE our SERVICE SOLUTIONS

DEFINING THE ART OF THE POSSIBLE: the FEDERAL PERSPECTIVE

#9

LOCAL CONTROL IS THE KEY TO SUCCESS

...THIS REQUIRES A FUNDAMENTAL CULTURE SHIFT TO COMMUNITY-BUILDING

from the BOTTOM-UP and OUTSIDE-IN TOP-DOWN

WHICH WILL REQUIRE LEADERSHIP AND VISION AND WILLINGNESS

to SACRIFICE SPEED, FOCUS ON HIGH QUALITY ... AND COSTS WILL DRAMATICALLY DECREASE

COMMUNITY-BASED INITIATIVES

KSHEMENDRA PAUL
Program Mgr., Information Sharing Environment

DAMON DAVIS
Dir., Health Data Initiative
Dept of HHS

JESSICA KAHN
Acting Dir., Div of State, Medicaid Systems, Dept of HHS

GOING FORWARD IT'S GOOD GOVERNANCE 1st THAT COMES and BEING WILLING TO RE-ALIGN OUR FUNDING TO SUPPORT

EARLY INTERVENTION vs LATER

PAY FOR OUTCOMES vs SERVICES

COMPREHENSIVE ASSESSMENT vs NARROWER

including FAMILY, COMMUNITY, BPS

WE'RE REALLY INTERESTED IN SHARING ABOUT HEALTH & HEALTH CARE AS A WHOLE

including the RAW DATA

WHAT THEY DO RECEIVE

WHAT THEY DON'T YET, BUT ARE ELIGIBLE FOR...

and THE ABILITY to LINK DATA TOGETHER (EVEN IF SEEMINGLY UNRELATED)

and the TRANSLATIONAL TOOLS to MAKE IT UNDERSTANDABLE (EVEN BY NON-EXPERTS)

TELL US: WHAT TYPE OF DATA DO YOU NEED?!

WE HAVE AN OVERWHELMING AMOUNT OF DATA (AND MUCH MORE IS COMING!) BUT IT'S NOT ALL AVAILABLE

DATA

SOME WANT TO INSTITUTIONALIZE THE OPENNESS OF DATA AS OUR DEFAULT
