

WELCOME

to the 9th ANNUAL NATIONAL SYMPOSIUM:

Stewards of Change Institute Inc

Advancing H&HS INTEROPERABILITY: from the STATE of the ART to the ART of the POSSIBLE

in collaboration with
JOHNS HOPKINS UNIVERSITY

Our most common wish is more TIME to be STRATEGIC

Who are we GOING? What are we DOING?

USE THE BUILT-IN TIME HERE FOR TALKING TOGETHER

How do we get there from here?

We need to reach for the STARS and be in the WEEDS (be PRACTICAL!)

Our biggest CHALLENGE: how to achieve the necessary level of INFORMATION SHARING amongst health services

The opportunity of the ACA is Waning... we need to begin thinking of ALTERNATIVE APPROACHES that will SUSTAIN and BUILD ON our PROGRESS

Wear at the BEGINNING of a MASSIVE SHIFT!

...we don't yet know where it will lead... that PARALLELS the impact of the PRINTING PRESS

BIG DATA is CONSTANTLY CHANGING

We are able to follow REAL-TIME and already FOCUS on OUTCOMES

It's all about what we are able to DO with the DATA!

MICHAEL KLUG

PG FOREST

Dean, JHU Bloomberg School of Public Health

Vic. JHU Health and Social Policy Institute

DIALOGUE AMONGST ALL PRACTITIONERS IS A CONDITION FOR REAL CHANGE

QUESTIONS OF CONSEQUENCE: FOR ACCELERATING INTEROPERABILITY and INFORMATION-SHARING INITIATIVES
